

Dear Pupils,

Cardiff Council is changing its plan to improve ways for people to travel around Cardiff by walking and cycling. This means the way you walk or cycle to school, friends houses or shops for example.

This plan is called the Active Travel Network Map and it will allow us to see where we need to change things in your area.

We need to know where you walk and cycle regularly to help us make changes to your local area, knowing what works well and problems you may be having. Can you create a map of your local area and show us what works and what doesn't? There is some information on the next page to show you what you can do, as well as an example to help you.

Please email your plans to: travelplans@cardiff.gov.uk

Many Thanks,

Active Travel School Team

Cardiff Council want your help!

We want to make a plan to help people in Cardiff travel safely when they are walking or cycling.
We want to know about the area you live in, and make sure the plan can help families like you.

1. In the box on the next page, draw a map or picture of the **streets** you walk and cycle down, make sure you write their names. If you go through any **parks**, include those too.

2. Next, add in any **crossings** you regularly use to your map or drawing.

3. Next, add in any **landmarks** you go past. For example:

Places of worship

Fountains or statues

Shops or cafes

Schools

Leisure centres or libraries

4. Go back and use a **red** pencil to label any problems you may have on the route.

5. Then try to answer the following questions, writing the answers below your map or plan.

- What do you like about this route?
- What do you think we could do to help with the problems you labelled in **red**?
